DOING WHAT IS BEST FOR THE FUTURE OF CALIFORNIA'S FINANCIAL ENTERPRISE!

Looking for a change? Do you want to make a real difference? Join the team responsible for changing financial management in the State of California.

The Financial Information System for California (FI\$Cal) is a historic partnership of the Department of Finance, the State Treasurer's Office, the State Controller's Office, and the Department of General Services — to transform the existing budgeting, accounting, procurement, and cash management systems to optimize the financial business management of the State. FI\$Cal will allow the State to operate as a single enterprise for the first time in history.

Join FI\$Cal. With a passion for implementing change and vision for enterprise-wide thinking, you will take a leading role in achieving our goal to bring enterprise resource planning tools and statewide process improvement to the State of California.

THE FI\$Cal PROJECT IS SEEKING MOTIVATED CANDIDATES WITH THE FOLLOWING CHARACTERISTICS:

- ✧ Ability to exercise a high degree of initiative, independence of action, and originality;
- ✧ Ability to learn rapidly, follow directions, and communicate effectively with others;
- ✧ Ability to work unscheduled excess hours if needed to achieve Project goals;
- ✧ Ability to maintain regular, consistent, and predictable attendance.

Candidates must also:

- ✧ Demonstrate good judgment, tact, initiative, and diplomacy;
- ✧ Be highly adaptable – and have the ability to adjust to multiple, changing priorities requiring quick turnaround;
- ✧ Be able to work in a matrix team environment, collaboratively and cooperatively with staff from multiple departments and agencies, and numerous vendors.

DUTIES: Under the general direction of the Data Process Manager III (DPM III), Enterprise Quality Assurance and Project Management Services in the Project Management Office (PMO) and working as a member of the multidisciplinary project team, this position is part of the PMO. The incumbent is responsible for establishing, leading, and managing the most complex enterprise-level quality assurance efforts which impact state agencies/departments on behalf of the PMO. The high value and very complex nature of quality and project management processes, practices and procedures require expert knowledge of both the industry standard in Quality Assurance (QA), Quality Control, ISO 9000, Project Management Body of Knowledge (PMBOK) and the California Project Management Methodology (CA-PMM) overseen by the California Technology Agency. The Quality Assurance Lead is responsible for the methodical monitoring and evaluation of the various aspects of the FI\$Cal Project to maximize the probability that standards of quality are being attained throughout the System
